

# Harold Seo

## WEB DEVELOPER

### PROFILE

---

Determined and dynamic Web Developer with a passion for delivering functional, responsive, and intuitive solutions. Experience developing multi-faceted projects including a chatting web app, a two-player web game, and a website for a carbon reduction company. Equipped with a skillset, that incorporates both the knowledge and practice of front end technologies.

### EXPERIENCE

---

#### Freelance Web Developer

Los Angeles, CA

Aug 2017 - Present

- Developed a web application, where users can chat with one another, in groups, or with a chatbot.
- Built a fully-functional website for a freight forwarding company, providing an online presence to increase exposure.
- Worked with a team of 5 to develop a website for a carbon footprint reduction company.
- Collaborated on the conceptualization and development of a web application that notifies users when they are approaching their destination when utilizing public transportation.
- Created a web application game, where two players compete in a game of tag.

#### Operations Analyst, NBCUniversal Media, LLC

Los Angeles, CA

Aug 2018 - Sep 2019

- Enforced on infringing media content across multiple social media platforms including YouTube Content Management System and Facebook Rights Manager.
- Managed YouTube Content ID queues, claiming and/or releasing thousands of videos.
- Collaborated with the engineering team to develop and improve internal operation tools.
- Performed routine audits on asset policies to ensure smooth transitions for domestic monetization and for operational efficiency.
- Actioned on thousands of User Generated Content (UGC) both domestically and internationally for monetization or enforcement.
- Worked closely with the legal team on risk management to mitigate any imminent issues when working with disputed claims.
